***What will be your practical task  
in the field of  
Erasmus+ Project Implementation???***

***...to work with us for the  
implementation of our Erasmus+  
projects approved***

# Erasmus+ Project Implementation

## 2021-2022 projects approved

Marketing for Artists: TC  
addressed to 16 VET Art teachers.  
The course will develop their  
marketing skills in the field of art.

Our Erasmus+ trainees say....

Hosting several groups of VET  
Trainees in Palma from all over  
Europe.

# *Erasmus+ Project Implementation*

## *2021-2022 projects approved*

### **Strategic Partnership in the field of VET - Innovation**

ENTOS aims to empower sport teachers' entrepreneurial attitude, thanks to which they can develop innovative sport activities for their students based on entrepreneurship education at the same time.

### **Strategic Partnership in the field of YOUTH - Exchange of Good Practices**

The Covid pandemic has impacted the lives of the young people, who needed to reorganize several aspects of them to make them fit the new situation. The goal of EduSafe is to collect a series of methodologies implemented during the emergency to support young people. The collection of these successful experiences, will become a unique tool to support youth workers in their job.

# ***Erasmus+ Project Implementation 2021-2022 projects approved***

## **Young Artists Empowerment:**

Small Scale Strategic Partnership in the field of VET - Innovation

YAE satisfy the needs of the young European artists, such as:

Objective 1: Creating specific content of Marketing 4 Artists to improve their professional competencies through the Nanolearning methodology.

Objective 2: Creating an international network for young artists to offer them exhibition opportunities in Paris, Vienna, and Palma de Mallorca for their artworks.

## **Paint the Bit - Rethinking artistic and creative competences and job profiles in a renewed labour market and social trends:**

Strategic Partnership in the field of VET - Innovation

To provide an outlet market in a renewed framework of artistic production and fruition in the era of digital transition, The attention will be given to digital technological innovation from other sectors in order to push artistic production towards a new renaissance.

## Our students' experiences

***“Education InProgress SPAIN represented for me the perfect internship. Thanks to this experience I could empower my English, my multitask and time-management. After this experience, I have been employed at OCEAN APART in Berlin.”***

**Federica Mirenda**

Università degli Studi di Messina, Italy

Sector: Business & Management

## Our students' experiences

***“Working at Education InProgress  
SPAIN gave me the possibility to  
reinforce my creative talent and  
to overcome my limits.  
The staff is composed by inspiring  
people that represent the perfect  
example of a “Leader” is!***

**Concetta Ruberto**

Università degli Studi di Catania, Italy

Sector: Foreign Languages
